

## ACCESS ALL COURSES FOR ONE PRICE

Get **full access** to all my courses for only \$4.75 per month.

<https://courses.coding.academy/membership/44746/buy?coupon=GRANDFATHERED>

You will receive full access to all current and future courses while you are a member. The price will be 'grandfathered' which means that it will not increase.

You will receive access to the following courses:

### PHP For Beginners Part 1 - every line of code used is explained

The first in the series of courses and still the 'go to' course for students who want to learn PHP. I explain each line of code and then you are given a series of unique challenges, each with full solutions.

### PHP For Beginners Part 2 - PDO, MySQL, phpMyAdmin

In this course you will cover the following:

- MySQL
- PDO
- phpMyAdmin
- PHP

You will learn about how to create a MySQL database and connect to it using the PDO class. You will create records, retrieve, update, and delete.

### PHP For Beginners Part 3: Create a Website Login

In this course you will learn how to use the Google API to create a website login. This is a little more advanced than the previous 2 courses but, once again, I go through every step in detail.

### PHP For Beginners Part 4: Build a Game

Build a hangman game with this full course. You will learn how to use various features of PHP in context and build a fully functional game.

## PHP for Beginners Part 5: Populating Dropdown Lists Using jQuery AJAX

In this course you will learn about:

- MySQL
- PDO
- Emmet
- HTML
- Bootstrap
- PHP
- jQuery

You will create some dropdown lists (like country and state) which auto-populate using database calls and jQuery

## Tic-Tac-Toe Using jQuery, PHP and Bootstrap

This is a fun course where you will complete a Tic-Tac-Toe game. Starting with the basic design, the complexity will increase as you add new features.

## The Chessboard Challenge

This is an enhanced version of the popular chessboard challenge. Use HTML forms, PHP and HTML to create chess boards. The focus of this course is to build confidence when tackling coding challenges.

## JOIN TODAY

Get **full access** to all the above courses for only \$4.75 per month.
